WHO
WE ARE

We bring *high-value customers* to beauty brands in Indonesia.

LANELLE Works is a small creative studio based in Jakarta. We build customer-acquisition systems for skincare brands, beauty clinics, and personal-care brands who want more than reach and likes — they want customers who book, buy, and come back.

Our workflow is AI-augmented, which means we deliver studio-grade product photography, short-form video, landing pages, and Meta ads with turnaround times traditional agencies can't match, at prices that stay accessible for growing brands.

 Brand & Web Landing pages and funnels engineered to convert cold Meta traffic into booked leads.	 Content Systems Product photography, short-form Reels, and creative asset packs built to test at scale.
 Meta Ads Pixel setup, Conversion API, creative rotation, weekly reporting. Measured by leads.	 Retention & CRM WhatsApp Business flows, email sequences, database automation for repeat purchases.

02

WHY NONA
WOMAN

A brand that deserves *visual work* as intentional as its mission.

Feminine intimate and menstrual care is a category historically under-invested in creative — partly because of cultural taboo, partly because most brands never treated it as premium. Nona Woman is one of the few Indonesian brands treating this space with the seriousness it deserves: organic pads, women-founded, social-impact mission, community-driven.

That kind of positioning deserves content that matches its integrity. Not stock photography. Not generic "clean woman" imagery. Content built specifically for Nona Woman's voice, community, and channel mix (IG, Shopee, retail).

“ *The strongest lever for Nona Woman right now is turning brand affinity into repeatable customer acquisition — better landing pages for Meta traffic, more UGC-style short-form content, and pixel infrastructure that lets ads compound over time.*

WHAT WE'RE
PROPOSING

Start free. Prove the fit.
Then *scale together*.

We propose a two-stage partnership, designed so Nona Woman carries zero risk in the first stage and only proceeds if the work speaks for itself.

STAGE 1 — FREE PILOT

1 professional photo set for a Nona Woman product of your choice. No cost, no invoice, no commitment. Delivered in under 24 hours from asset handoff. Ready for IG feed, Meta ads, or product listings.

- ✓ **5–8 hero shots** from the product you select
- ✓ **Mix of clean product-on-background and lifestyle composition**
- ✓ **Match to Nona Woman's existing brand aesthetic** — we work from your feed reference
- ✓ **Delivered via Google Drive link**, ready to download and use immediately
- ✓ **No watermark, no strings.** Yours to keep whether we continue or not.

STAGE 2 — OPTIONAL MONTHLY PARTNERSHIP

If the pilot output fits Nona Woman's standard, we propose transitioning into a monthly content and growth partnership (details on page 4). The pilot exists specifically so this decision is based on real work, not a pitch deck.

04

WHAT WE NEED FROM YOU

- ✓ **2–3 reference photos** of that product (any quality, any angle)
- ✓ **Optional: brand guidelines or color palette**, if available
- ✓ **WhatsApp Business number** to route the delivery link
